2020 Service Training Schedule

Spacelabs provides Certified Technical Training for in-house biomedical engineers, featuring in-depth courses using live systems that address real-world system maintenance. With structured and flexible options, we offer training courses at three key levels to support your in-house service requirements.

LEVEL 1 Product Operation: Identifying and rectifying user error & accessory/consumable failures.

LEVEL 2 Preventative Maintenance: Preventative & Basic Corrective Maintenance.

LEVEL 3 Corrective Maintenance: Advanced Corrective Maintenance.

Patient Monitoring & Connectivity Courses
