

Invasive Blood Pressure

Invasive Pressure Supplies

Supplies are available through Spacelabs for 90496/91496 modules configured for invasive pressure. Customers can choose from Edwards Lifesciences or Abbott Laboratories integrated single or dual pressure cables that connect directly to the transducer(s). For BD models, Spacelabs offers single or dual adapters and interface cables to allow use of compatible transducers. Transducer kits are available in patient or pole mount options, as well as a neonatal configuration.

Order Code	Description	Length/Size	Qty
