IEC COLOR CODING

ECG Combiner Lead Wires & Cables

Our ECG Combiner System features a quick-yoke connection between cables and lead wires which allows a quickly connect/disconnect between monitors and telemetrySystem is validated for use with Spacelabs command modules 90496/91496 and Aria/Ultraview Telemetry.

ECG Combiner System – Easy 2-step transition from bedside to telemetry

Step 1: disconnect leadset from monitor cable

Step 2: connect leadset to telemetry adapter

Note: leadset and adapter are keyed and color-coded to help prevent misconnections
